

Certificate III in Early Childhood Education and Care CHC30121

Are you passionate about positively influencing the new generation?

Positive experiences in early childhood are vital to healthy brain development. Educators play a crucial role in this development process and can positively influence and shape children's psychological, social and physical development and wellbeing within their role. Start your rewarding career in the Early Childhood Education sector with the CHC30121 Certificate III in Early Childhood Education and Care.

Develop. Grow. Succeed.

Course Information

As an educator, you will have the opportunity to positively influence the lives of children through your newly developed skills and knowledge. You will learn to holistically support and inspire children as a qualified educator working under the current Australian framework. The CHC30121 Certificate III in Early Childhood is the qualification you need to start a rewarding career in education. You will then have the opportunity to progress to the CHC50121 Diploma of Early Childhood Education and Care. The demand for childcare workers is increasing, with many opportunities within this area.
